## AREAS OF EXPERTISE:

*The goal of my research programme is to improve the quality care and the evidence base for the delivery of health and social care services for people with dementia and people with severe mental illness. I am leading and developing a health service research programme in the areas of dementia and severe mental illness.*

*I am an active member of the Cochrane Collaboration Dementia and Cognitive Improvement Group and the Neighbourhoods and Dementia Programme.*

I also am the Associate Director, Cumbria and Lancashire Local Team, The National Institute for Health Research's Research Design Service North West (2014-current); Member of Dementia Action alliance/ West Lancs Dementia Friendly Communities (2016-current); Wales School for Social Care Research Social Care (PhD Studentship Selection Panel member 2017). Reviewer for Australian National Health & Medical Research Council, NIHR School for Primary Care Research, NIHR research central commissioning facility for UK Department of Health (RfPB and Programme Grant), Alzheimer's Society, NIHR School for Social Care Research, NIHR CLAHRC Wessex). Peer reviewer for 16 journals. Membership: Health Services Research Network; Cochrane Collaboration Schizophrenia Group; Society of Academic Primary Care; Fellow of Higher Education Academy.

## Supervision and Sponsorship:

I currently supervise PhD students from the Public Health and Mental Health Blended Learning PhD programmes. We now have Dementia and Ageing programmes starting 2018.

I am also the lead module convenor for the 2nd year taught module 'Systematic approaches to literature reviews and evidence synthesis' 30 credit module (2014- 2017) (Masters level).

### *Supervised to completion 3 PhD students:*

Most recently: Jan Furniaux "Lost in translation: understanding restrictive intervention management for people with dementia in a mental health setting: an interpretive description." PhD in Mental Health (2014-2018)

3 Master of Public Health students; currently supervising 2 Traditional and 6 Blended Learning PhD students.

Blended Learning Post Graduate Research is the primary form of teaching in Division of Health Research.

## KEY PUBLICATIONS (selected dementia focus) (Max. 5):

Harding A, Morbey H, Ahmed F, Opdebeeck C, Wang YY, Williamson P, Swarbrick C, Leroi I, Challis D, Davies L, Reeves D; Holland F, Hellström I, Lars-Christer Hydén, Burns A, Keady J, **Reilly S**. (2018) Developing a core outcome set for people living with dementia at home in their neighbourhoods and communities: study protocol for use in the evaluation of nonpharmacological community based health and social care interventions. *Trials*. 19, 247

**Reilly S**, Miranda-Castillo C, Malouf R, Hoe J, Toot S, Challis D, Orrell M.(2015) Case management approaches to home support for people with dementia. *Cochrane Database of Systematic Reviews*, Issue 1. Art. No.: CD008345. DOI:10.1002/14651858.CD008345.pub2.

Hughes J, Bagley H, **Reilly S**, Burns A and Challis D. (2008) Care staff working with people with dementia: training, knowledge and confidence. *Dementia: The International Journal of Social Research and Practice*. 7 (2): 227-238.

**Reilly S**, Abendstern M, Hughes J, Challis D and Venables D. (2006) Quality in long term care homes for people with dementia: an assessment of specialist provision. *Ageing and Society*: 26; 649-668.

Abendstern M, **Reilly S**, Hughes J, Venables and D Challis D. (2006) Levels of integration and specialisation within professional community teams for people with dementia. *International Journal of Geriatric Psychiatry*; 21: 77-85.

## RELEVANT RESEARCH ACTIVITY:

### CURRENT RESEARCH INTERESTS/ONGOING PROJECT TITLE:

2018-2023 North West Research Design Service (Gedling, Hatton, Gabbay, Reilly, Vale et al.). (£5,100,494) (Role coapplicant / Associate Director Lancashire and South Cumbria 15%)

2017-2021 NIHR School for Public Health Research (£20.5 million); role – coapplicant.

2014-2019 Neighbourhoods and dementia: a mixed method study. Funding: ESRC/NIHR. (**£4,999,788.**)  
**Leading WP3:** [Developing a core outcome set for people with dementia living at home in their neighbourhoods and communities.](#)

**Leading WP5:** [Developing the evidence base for evaluating dementia training in NHS hospitals \(DEMTRAIN\)](#)

## HOW DO YOU INTEND TO CONTRIBUTE TO INTERDEM:

As an academic researcher I would be keen to share my work in the area of dementia care and any other relevant methodological skills/ research network. I would welcome the opportunity to be an active and regular contributor to INTERDEM meetings and workshops. I am also keen to create links within the INTERDEM network of colleagues to capitalize on dementia research funding and collaborative working opportunities.
